SLCC Math 1050 Project

1. In your own words, write a paragraph to describe what this project is about.

IN THIS PROJECT WE MUST CREATE CARDBOARD BOXES (W/O
A LID) THAT WILL BE ABLE TO CARRY FOOD FOR THE
PEOPLE OF A THIRD WORLD COUNTRY.

2. Draw a rectangle and label the length $8\frac{1}{2}$ inches and the width 11 inches. Put a square at each corner and label each side of the squares x .

3. Draw a 3-dimensional lunch container and label the length, width, and height in terms of x .
